## General Information

#### Round Cents to Dollars

Round cents to the nearest whole dollar. For example, round \$50.50 up to \$51 or round \$25.49 down to \$25. If you do not round, Franchise Tax Board (FTB) will disregard the cents. This helps process your return quickly and accurately.

#### Registered Domestic Partners (RDP)

RDPs under California law must file their California income tax returns using either the married/RDP filing jointly or married/RDP filing separately filing status. RDPs have the same legal benefits, protections, and responsibilities as married couples unless otherwise specified.

If you entered into in a same sex legal union in another state, other than a marriage, and that union has been determined to be substantially equivalent to a California registered domestic partnership, you are required to file a California income tax return using either the married/RDP filing jointly or married/RDP filing separately filing status. For more information on what states have legal unions that are considered substantially equivalent, go to our website at [ftb.ca.gov](http://ftb.ca.gov) and search for **rdp**.

For purposes of California income tax, references to a spouse, a husband, or a wife also refer to a California registered domestic partner (RDP), unless otherwise specified. When we use the initials RDP they refer to both a California registered domestic "partner" and a California registered domestic "partnership," as applicable. For more information on RDPs, get FTB Pub. 737, Tax Information for Registered Domestic Partners.

#### Enterprise Zone Designation

The following Enterprise Zones (EZs) received final designation in 2007:

Enterprise Zone	Designated Date	Expiration Date
Fresno-County	06/27/2007	06/26/2022
Compton	08/01/2007	07/31/2022
Santa Clarita	07/01/2007	06/31/2022

#### Conditional Designation

Beginning in 2006, legislation was enacted to allow zones, which received a conditional designation from the Department of Housing and Community Development (HCD), to offer tax incentives during a redesignation period. This is the gap between the expiration date of the old zone and the final designation of the new zone. Before filing form FTB 3553, go to [www.hcd.ca.gov](http://www.hcd.ca.gov) and search for **eda** for updated zone date chart information.

## Expired Zones

The following EZs expired in 2007:

Enterprise Zone	Designated Date	Expiration Date
Altadena/Pasadena	04/10/92	04/09/2007
Long Beach	01/08/92	01/07/2007
Richmond	03/02/92	03/01/2007
San Diego – South Bay	01/28/92	01/27/2007
San Francisco	05/28/92	05/27/2007

Generally, no further EZ incentives can be generated after the expiration date. Any EZ credit carryover or EZ net operating loss carryover can continue to be utilized to the extent of tax on business income or business income attributable to the former EZ.

## Filing of Form FTB 3553

If you are working at a business located in an expired zone and in a new zone (whether conditionally designated or final designation has been received), file one form FTB 3553 for the expired zone and another form FTB 3553 for the new zone, to claim the EZ credits. The credit from an expired zone can only offset against the tax on wage income earned in the expired zone. The credit generated from a new zone can only offset against the tax on wage income earned in the new zone. The amount of credit is limited by the amount of tax (line 13 of form FTB 3553) on wage income earned within each EZ. But the total amount of credits generated from income earned within all EZs should not exceed the tax amount on line 24 of Form 540, California Resident Income Tax Return, or line 27 of Long Form 540NR, California Nonresident or Part-Year Resident Income Tax Return.

**For an expired zone**, use form FTB 3553 to report the employee credit on the wages earned while working in the enterprise zone, to the day the zone expired.

**For a conditionally designated zone**, use form FTB 3553 to report the employee credit on the wages earned while working in the new conditionally designated zone.

## A Purpose

Use form FTB 3553:

- To see if you qualify for a credit based on wages you earned while working within the boundaries of a California EZ.

## C Qualifications

To qualify for this credit in 2008, you need to meet all of the following:

- Performed at least 50% of your compensated work (for the employer located within the EZ) within the boundaries of an enterprise zone in California.
- Spent at least 90% of your work time (for the employer located within the EZ) on activities that are directly related to the operation of the trade or business located within the EZ.
- Did not work for any federal, California state, or local government.

Complete the Qualification Checklist on page 3 of the instructions to see if you qualify for the EZ employee credit.

## D Limitations

### Zone Income Limitation

You may not apply the credit toward any taxes due on income you and your spouse/RDP earned outside the EZ or prior to the zone designation.

### Income Limitations

The maximum amount of qualifying wages is \$10,500 for each enterprise zone employee. Reduce this credit by 9% (9 cents for each dollar of income you received that is more than your qualified EZ wages).

This credit cannot reduce regular tax below the tentative minimum tax. Get Schedule P (540 or 540NR), Alternative Minimum Tax and Credit Limitations, for more information. This credit is not refundable and any unused credit may not be carried over to succeeding years.

## Specific Line Instructions

**Line 10** – Total enterprise zone wages are all enterprise zone wages. This amount is not limited to \$10,500 like the amounts on line 1 and line 2.

**Line 11** – Generally, this amount will be \$0 (zero dollars). However, expenses that may be included on this line are employee business expenses that you paid for expenses such as union dues, work clothes and uniforms, tools used in your work, employment-related education expenses, and occupational taxes. Personal expenses such as commuting expenses and meals are not deductible and **cannot** be included on this line. Refer to federal Publication 17, Your Federal Income Tax, or federal Form 2106, Employee Business Expense, for more information about employee business expenses.

**Line 13** – Find the amount of tax for the amount shown on line 12 by using the Tax Table or Tax Rate Schedules in your Form 540 or Long Form 540NR tax booklet. Use the same filing status you used on your Form 540 or Long Form 540NR.

**Line 14** – The amount of this credit you can claim on your income tax return may be limited further. See the credit instructions in your Form 540 or the Long Form 540NR tax booklet for more information. These instructions also explain how to claim this credit on your income tax return. Use code number **169** when you claim this credit.
